A WEEKLY NEWSPAPER EDITED AND PRINTED BY THE STUDENTS OF THE UNITED STATES INDIAN SCHOOL

VOLUME VII.

CARLISLE, PA., NOVEMBER 4, 1910.

NUMBER 9

## GENERAL SCHOOL NEWS.

The Bible classes are now well started with an enrollment of 137 boys and 123 girls.

Jenevieve Bebeau is working at Merchantville, New Jersey, where she has an excellent home.

There are ten students in the telegraphy department. All seem in earnest and are making very good progress.

Charles Mitchell, '09, writes from Wolf's Point, Montana, that he is working in a department store and doing well.

The detail in the printing department has added to its list Bruce Forte and Benedict Cloud. Both are late arrivals from the Northwest.

Melinda Desautel, who is at Lansdown, Pa., says she is making rapid progress in her studies, and that she likes her country home very much.

After having a most enjoyable trip, Leon Jure reports that he arrived safely and is at present enjoying his home in southern California.

Maxie Luce is now employed in town as a plumber. Maxie has a reputation for faithful service, and his friends look for him to be successful.

Amanda Wolfe, who is going to school in West Philadelphia, is getting along nicely with her studies. She expects to visit this school very soon.

George B. Breast, an ex-student and a clerk at Rosebud, S. Dak., states in a letter that he is doing well. He wishes to be remembered to his friends.

Word has been received from Fritz Hendricks, who left Carlisle over a month ago to accept a position as assistant disciplinarian at Chilocco, that he is highly pleased with his position. He sends best regards to friends.

Mr. Foulk, with the help of his boys, put in a new clay and cinder flooring in the stalls and that part of the horse barn where the school horses are kept.

Mrs. Peter Tebeau, nee Lucinda Le Roy, writes that she is prosperous and happy with her little family and that she never forgets her Alma Mater.

A new school catalogue is being gotten out at the school printery. It gives good descriptions of the academic and the industrial departments of the school.

An interesting letter has been received from James Compton, an ex-student who is living on his farm at Ross Fork, Idaho. He reports a good crop with plenty of work.

Christina Mitchell, who is under the "Outing," has written to Miss Gaither informing her that she has a lovely home and that she is getting along nicely in her studies.

Elizabeth Lemeaux writes from her home in Minnesota that she is kept very busy helping her mother with household affairs. Carlisle, with all its pleasures, is never forgotten.

The "Strollers," made themselves so popular that we hope they may come again next year. "Bonnie Doon," the sweet Scottish ballad, was delightfully sung by the tenor of the quartette.

A letter was received from Joseph C. Mills, of Pawhuska, Oklahoma, in which he states that he is well and that since leaving here he has traveled a great deal throughout the Southwestern states. He sends best wishes to his friends.

Michael Chabitnoy, an Alaskan ex-student, is one of the many Carlisle who is making good out in the world. He has been in the employment of the Hershey Candy Co., for about two years and is now earning from four to five and a half dollars a day.

## STORIES OF THE SERRANO.

CHRISTIANA GABRIEL, Mission.

My grandmother, who is a Serrano Indian woman, was born and raised under the shadows of the San Bernardino Mountains. It was from her that I heard many stories about the curious customs, beliefs and superstitions of the Serrano Indians.

When I was a child I delighted in hearing her tell bear stories or stories about the eagle; in fact, any animal story. Both the bear and the eagle are considered quite sacred among the Serranos, and to this day the younger children are not permitted to speak of the bear except during the afternoon, because then the bears are asleep. It is said that if we speak an unkind thing about a bear in the morning or evening, the trees, or anything around where we say this unkind thing, will tell the bear and we would then meet the old bear somewhere the following day and perhaps be injured.

The little horn-toad, it is said, is a grandfather of the rattlesnake; and if you kill or tease the little horn-toad you will be bitten by his grandfather, the rattlesnake.

### Alphonsus McKay Married.

A friend writing from Minnewaukau, North Dakota, informs us of the marriage at that place of Alphonsus McKay, a former student of Carlisle, to a white girl who is also a resident of Minnewaukau. Alphonsus is filling a position as clerk in a large store and is doing well. They have our best wishes for happiness.

Fred Schenandore, our trap-drum artist, has been presented by Mr. Stauffer, with a new xylophone to be used in the orchestra. Fred is busily engaged in getting acquainted with his new instrument, and in the early dawn the melodious strains can be heard floating through the corridors of Large Boy's Quarters.

### GENERAL SCHOOL NEWS.

The foot-ball game Saturday was interesting, but it would have been more so had we been on the winning side.

After spending a very pleasant vacation at her home in New York, Hattie Poodry returned to school Saturday.

John White, a member of the class of 1908, was a visitor last Saturday evening. He is employed as a printer at Mt. Holly, Pa.

Emma Newashe, a member of the junior class and a loyal member of the Mercer Literary Society, will leave for the country this week.

Roy Lefthand, who is away under the "Outing," came in last Saturday to attend the Indian-Penn game. He returned to his country home on Sunday.

Bruce Goesback, an ex-student of Carlisle, writes to a friend that he is coaching a football team at the Wind River School, Wyoming. His team has been very successful.

Simon Johnson, an ex-student, was seen at the game last Saturday. With him were Addison Johnson and Rufus Youngbird. They joined enthusiastically in the "rooting".

Many of the outing students were seen at the Penn-Indian game Saturday. Some of the girls present were Helen Pickard, Bessie Wade, Anna Hauser, and Anna Chisholm.

Mr. Samuel Saunooke, a former student and now employed by the Pennsylvania Railroad Company as passenger car builder at Altoona, Pa., attended the Penn-Indian game, and returned with the students for a brief visit.

During the game played between the Mercersburg's third and our third team, at Mercersburg, there was a

little snow squall; this seemed to have added some "ginger" to the team, as they made their touch-down shortly after.

We have recently heard from an ex-student who was formerly Lavinia M. Cornsilk. She was married on the 24th of October at Sioux City, Iowa, to Mr. Charles S. Rave, and is now keeping house at Thurston, Nebraska.

The Catholics held their meeting at the usual place last Sunday evening. A musical program was given by Juan Herra, Charles King, Cora Bazette, Lillian Walker, and William Ettawagishik. There was a large attendance.

The pupils who attended the foot-ball game had the privilege of visiting the University museum. Many wonderful things were seen; it would take months to see them all, and pretty cards of places and exhibits were brought back.

The Juniors had the pleasure of going to town last Friday morning and afternoon to see some of the things which Commander Peary had with him on his dash to the North Pole. They were a pair of snow shoes, an Alaskan sled, a harpoon—part of which was made of bone—and two rifles.

Lucy Beaver, an ex-student, whose home is in Paden, Oklahoma, sends in her subscription for the Red Man and ARROW, and writes that she could not possibly do without them, as she wants so much to keep in touch with her old school home and the students. She says that they are having such balmy weather in Oklahoma that it makes nut hunting a pleasure. She wishes to be remembered to all her friends, and also wishes the school continued success.

The joint reception given by the Y. W. and the Y. M. C. A. in honor of the new students was a very pleasant affair. There was an opening address by Mr. Whitwell and a program consisting of music by the orchestra, a humorous representation of a pipe organ in which students posed as keys and pipes; a solo by James Mumblehead; "Recitation in a Country School;" and "Miss Somebody Receiving." After that games down in the gymnasium and then refreshments. Everyone there seemed to have a good time.

### SOCIETY MEETING NOTES.

Last Friday the Standards had a very interesting debate on the question, Resolved, "That the railroad rates should be increased." The affirmative was upheld by Spencer Patterson and Lonnie Hereford: the negative by Vernon Davis and Montreville Yuda. The judges favored the negatives 3 to 1. Mr. Whitwell was the official visitor.

A very spirited meeting was held by the Invincible society Friday evening. The program was well carried out by Sylvester Long, Jack Jackson, Moses Friday, Thomas Old Man and James Mumblehead. After the miscellaneous business, a challenge debate was held. Moses Friday, affirmative, and Joseph Loud Bear, negative, the question under discussion: Resolved "That country life is better than city life." The affirmative won. The official visitors were Mr. Whitwell and Miss Reichel.

The Mercers gave the following program at their last meeting; Song, Mercers; penpicture, Della John; vocal solo, Emma Newashe; story, Rebecca Thomas. The debate; resolved, "That the young man of today has greater opportunities for making life a success than had his forefathers" On affirmative side were Charlotte Welch and Ollie Bourbonnais; negative, Helen Johnson Rose Pickard, The negative won. Mrs. Deitz was the official visitor.

The Susans were called to order by Arline Allen, president. After the singing of the society song fifteen new members were initiated. A short program and a debate followed. The question: Resolved: "That the Railroads of the United States should be owned and operated by the government." The affirmative speakers were Mae Wheelock and Rose Lyons; the negative side, Clara Trepania and Rose Ohmert. After the judges' decision in favor of the affirmative, and advice from official visitors, the house adjourned.

### Brought a Class of Chippewas.

Mr. Lewis Carpenter of Cass Lake, Minnesota, is visiting us this week. He is an ex-student of Hampton. Mr. Carpenter came here with a class of 25 students from Cass Lake and White Earth, Minnesota.

**ABOUT CARLISLE ATHLETICS.**

The official score of last Saturday's game between Pennsylvania and Carlisle goes down in football history as 17 to 5 in favor of the Quakers, but this does not give any idea of the relative strength of the two teams, nor indicate the fine game and splendid fighting spirit which Carlisle showed at Franklin Field in this annual gridiron battle. Everyone who saw the game could not help but realize the fact that the Indians put up one of the grandest struggles ever seen on a football field, and, in the face of the hard luck and unfair decisions of the officials which put Penn early in the lead, they played an uphill game such as is seldom seen. With one or two exceptions the Indians put forth every ounce of strength they had in every play and showed the true Carlisle and Indian trait of being game, and fighting to the last ditch, and it is too bad that a defeat was registered against them.

The players who stood out prominently as always being in the thickest of the battle, were Captain Hauser, Newashe, Burd, Sweetcorn, Garlow and Wheelock, while Powell, Jordan, Bracklin and Lone Star were working up to their limit.

The following extracts are from an unbiased review of the game by the football critic of the Philadelphia Public Ledger:

"Penn was very fortunate and the score in no wise interprets the relative strength of the two teams. While Pennsylvania won the laurels of victory, there is no doubt that Carlisle gave the better exhibition of football. The Indian defense was stronger and their attacks better executed. The Indians earned their touchdown by a splendid exhibition of attack, and ability to retain the ball for a distance of 70 yards, while it may be said with all fairness that not one of the Quakers' touchdowns was earned in the sense the Indians' was. At no time did the Quaker forwards out-play their opponents and Hauser and Wheelock are as good as any backs in the East today.

"The Indians' interference was better executed and more quickly formed than the Quakers' but was limited in its effectiveness by reason of the Carlisle backs being slower than the Penn men.

"On kicks the Indians lost many

yards by failure to properly judge Scott's punts and many kicks went over the Indians' heads and rolled for yards."

The annual cross-country run was held last Monday over the regular five mile course. There were about fifty contestants and the first ten to finish were as follows: 1, Washington Talymtewa; 2, Mitchell Arquette; 3, Louis Tewanima; 4, Kee Shelly; 5, Blackdeer; 6, Andrew Hermequatewa; 7, Archie Quamala; 8, Phillip Ransom; 9 Spier; 10, Sweet Medicine. Talymtewa had a 2 min. and 30 sec. handicap over Tewanima who was scratch man, and Arquette had one minute start. The first prize was a gold watch and all the first ten received prizes. The winner's time was 30 min., 15 sec.

Wauseka's second football team defeated Lebanon Valley last Saturday 20 to 5 in a well played game in which they ran up a bigger score than Dickinson was able to make against the same team.

The Indians meet the University of Virginia at Washington tomorrow. The second team plays at Phoenixville, and the third team plays the Harrisburg Tigers here.

The third team, captained by Joe Loud Bear, played the Mercersburg third team at Mercersburg, and won by a score of 5 to 0, Saturday.

THE music box in the Athletic Quarters can be heard every morning at five o'clock; it seems to say, "Arise boys, arise."

**GENERAL SCHOOL NEWS.**

Edward Paul, after spending a week on the farm husking corn, is again at his bench in the tailor shop.

A message comes from the Westchester Normal school that Evelyn Pierce and Adeline Greenbrier are doing nicely in their studies.

Dr. Black, pastor of the Methodist church of Carlisle, preached an interesting sermon last Sunday on "The Sweetness of Forgiveness."

After a pleasant vacation at her home in Oklahoma, Mary Harris returned last Saturday to continue her studies in the sophomore class.

In a letter to her sister Grace, Lena Kie, an ex-student of Carlisle, states that she was married last Tuesday to Charles Zion. We wish them happiness.

Mr. Genus L. Baird, class '02, was one of the interested spectators at the Philadelphia game. Mr. Baird is now located in Philadelphia where he is following his trade of printing.

The Sewing Club was entertained on Thursday of last week by Mrs. Whitwell. A very pleasant evening was enjoyed by all. The next meeting will be at Mrs. Denny's room.

David White, who left sometime ago to work in a railroad office, was among the "Carlislars" who witnessed the Penn and Indian game. He wishes to be remembered to his classmates.

Miss Edith Dabb, secretary of the Y. W. C. A. for Indian schools, led the union meeting last Sunday evening. She told us of some of her experiences among the Indians on their own reservations, of their needs and how necessary it is to have christian leaders among them. She said more "lifters" and fewer "leaners" were wanted to better the condition of those isolated places.

Mr. Chas. A. Bender, ex-Carlisle and champion baseball pitcher of the world, was seen at the game Saturday. We also saw Louis Van Ceilst, the mascot of the champion Athletic ball team. Cheer after cheer was given for both and each responded by doffing his hat. Mr. Bender looked to be in fine condition; he did not show any signs of the strenuous life he led during the weeks which decided the championship of the world.
