A WEEKLY NEWSPAPER EDITED AND PRINTED BY THE STUDENTS OF THE UNITED STATES INDIAN SCHOOL

VOLUME X.

CARLISLE, PA., MARCH 27, 1914.

NUMBER 30

A CARLISLE POET DISCOVERED.

Room Eight boasts of having a poet in its class, the fact being revealed by the final tests given last week. In response to the request to write a composition on "My Industrial Work," the following poem was given:

At half past two in the afternoon
You can find me in twenty-eight room,
About three or four covers deep;
You turn them back and you'll find me asleep.
And there I lie and patiently wait
For the final exams we have in Room Eight.
When the whistle blows at half past five,
Once more I am up and still alive.
Then I run down and wash my face,
Then comb my hair and I'm ready for grace.
In fifteen minutes there's a bugle call,
The troops fall in and the roll is called.
Then out in front the troops all stand,
Saluting the flag with our hats in our hand.
While standing in the wind our hair gets wavy
But, just the same, we right face, and march
to gravy.
Now this may sound like going a fishing,
But this is my only industrial position.

PAIUTE INDIANS OPPOSE INTOXICANTS

A temperance wave is sweeping the Paiute Indians of the valley. A strong petition to the governor, United States district attorney and head of Indian affairs of the state has been circulated among them and signed by some 30 of their leading men, asking for the strict enforcement of the law prohibiting the sale of liquor to the Indians and pleading with the Indians to refrain from drinking it. A mass meeting was held in the Baptist church of Mason and the building was crowded with Indians. Several of the chiefs and head men of the tribe addressed the gathering, urging those present to sign the petition and to help in every way to stamp out the vice in the tribe. They said the Paiutes could never do anything, no matter how much schooling or land they might acquire, if drunkenness was permitted to continue among them. The movement was precipitated by the wholesale drunkenness of more than a score of Indians a few

days before, most of whom were mere children. This has aroused the whole tribe.—*Mason Valley Correspondent in State Journal, Nevada.*

THE Y. M. C. A. MEETING.

By Moses Komah.

The meeting last Sunday evening was led by Thomas Sheldon. After a few selections were sung, the Scripture reading, Luke, 13th chapter, was read.

Hiram Chase, John Gibson, and Newton Thompson each gave helpful suggestions and good advice.

Peter Eastman gave an interesting account of his personal experiences, showing that by doing good one can gain the good will of and also be an inspiration to others to do likewise.

Mr. McMillan was present and gave an inspiring talk on the bad effects of liquor and what it does toward the downfall of mankind.

Mr. Lipps spoke on the importance of Y. M. C. A. work in preparing us for the future. He told us that he had secured Mr. Parker, Register of the United States Treasury, to give the graduating address and present the diplomas. In closing he said: "Boys have high ideals and strive to reach them. God be with you, boys."

Mr. Myers closed the meeting with a prayer.

THE BOYS' HOLY NAME SOCIETY.

By Arnold Holliday.

The meeting was opened with a prayer, after which the following program was rendered:

Reading, "Anecdotes of Lincoln," Addison Golden; remarks, Father Stock; piano selection, Father Stock; reading, "How to be made a Gentleman," Edward Woods; instrumental duet, Ovilla Azure and Micheal Wilkie.

After a short talk by Father Stock the meeting was closed with a prayer.

THE Y. W. C. A.

By Lucy Charles

Ella Fox, the retiring president, took charge of the meeting. After a prayer and the reading of the Scripture lesson, she gave a short farewell speech.

Jennie Ross, the new president then took charge and called on the new cabinet officers for a few words.

Each responded readily. Cora Battice spoke on "Duty of Prayer to God;" Mary Welch also spoke on "Duty;" Flora Peters, on "Childhood Conversion."

Mr. Lipps was present and gave, as always, a very beneficial talk.

The meeting closed with the "Mispah."

NOTES FROM MR. LIPP'S TALK.

You have a great responsibility, and you are here to prepare to meet that responsibility.

Women, very largely, set the standard of conduct and they have a great power, a silent influence for good.

The greatest benefit that comes from an organization of this kind is the helpfulness we get toward the betterment of our aims.

It is great to have a well-developed body and mind, but both these are as nothing if you haven't a well-developed character and a kindly heart.

LIKES THE NAVY.

A card from Alvin Kennedy, Carlisle '11, locates him now in Cuba, a "jackie" on one of our battle ships. He is getting on finely and is well-satisfied with his work having recently been promoted in position and in pay. He also expresses his regret in being unable to attend Commencement exercises this year as he will not return to the United States until April 7th.

ATHLETICS.

The five boys who participated in the Pittsburg Athletic Association indoor sports last Saturday night made a good showing. The relay team was pitted against State College, University of Pittsburg, and Indiana Normal School in the Western Pennsylvania one-mile championship. This race proved to be the most exciting of the whole program. The runners of Carlisle, Pitt. and State hit the tape so close together that the judges had a hard time determining the winner. To many it looked as though Carlisle was a few inches in front, but first place was awarded to University of Pittsburg, with Carlisle and State College tied for second place.

Robert Nash won first in the one-mile open race and third place in the two-mile run. He would probably have won first in this race also, but tripped and fell in the last lap.

John Squirrel won third in the high hurdle race.

The lacrosse game which was to have been played here to-morrow with Baltimore City College has been cancelled and the lacrosse season will open on Tuesday with the game with Maryland Agricultural College.

The handicap track meet will be held on Tuesday following the lacrosse game if the weather permits.

THE TAILOR SHOP.

Last week the tailors repaired a good many uniforms and citizen suits for the boys; they also turned out ten pair of uniform pants, three graduating suits, the other two being started on. Mr. Hathaway's uniform
