GENERAL SCHOOL NEWS.

BY STUDENT REPORTERS.

A number of small boys were detailed to pick potatoes down at the second farm.

"Coach" Warner took advantage of the fine weather to go hunting during the week.

Mr. and Mrs. Samuel Sanooke were among those who shook hands with the football boys at Altoona, Pa.

Mr. George Locklear from Pembroke, N. C., was a visitor last Monday, he returned to his home Tuesday.

Mary Kelsey writes of a pleasant home in Mt. Holly, N. J., and of the many friends she has gained among her schoolmates.

At the Carnegie Museum in Pittsburgh the football boys saw the skeleton of the largest turtle, and bull-frog in the world.

We are glad to have Mr. and Mrs. Lipps and Mr. and Mrs. De Huff with us again, after an absence of several days spent at the Mohonk conference.

The Sophomores have finished reading "The Man Without a Country." They found in it a great lesson from which they intend to profit.

The debate between the Susans and the Mercers on Saturday evening was a source of great excitement to everyone who had the pleasure of hearing it.

At their meeting last Friday evening, Mr. Griffiths told the Standards the very interesting story of Othello. Mr. Griffiths is a fine Shakespeare scholar. He has promised to tell us many more tales of Shakespeare.

Just before the close of the exercises Saturday evening, Kenneth King gave a speech from the rostrum in which he made a strong appeal to the students for a better school spirit. He mentioned the lack of enthusiasm in athletics, which "accounts very

largely, for the recent defeats of our Varsity team." The students responded with hearty cheers.

Rose Peazzoni writes, "The lessons I received while in the country have been of great help to me. I have now a flock of fine chickens."

After spending a pleasant vacation at her home in Odanah, Wis., Cora Bressette returned to Elbowood, N. Dak., where she is employed as a stenographer.

"Friendship" was the theme of Rebecca Firecloud's reading at chapel exercises in the auditorium last Monday. Rebecca represented the Sophomore Class.

James Holstein is now a candidate for the second team, although light in weight his speed and cleverness in handling the ball will give him a fair chance to make good.

Eli Washington, with a party of boys, spent Saturday in the mountains gathering chestnuts. He states that the crop this year appears to be unusually large.

The carpenter boys are working very hard on the new grand stand in order to complete it before cold weather makes it impossible for them to work outside.

Grant White, better known as "Indian," is the first Carlisle Indian ever to cross the goal line at Albright College, but despite that fact, the second team was defeated.

On account of repairs being under way in St. John's Episcopal Church, the services last Sunday were held in the Sunday School room which had been nicely fitted up for the occasion.

During the absence of both Mr. Lipps and Mr. De Huff, Mr. Meyer was in charge. He acted as chairman at the inter-society debate and his remarks at the close were greatly appreciated by the employees and students as they seldom have the pleasure of hearing Mr. Meyer speak.

GIRLS ANNUAL INTER-SOCIETY DEBATE.

The debate between the girls' literary societies, the Susans and the Mercers, resulted in a victory for the Susans, who had the negative side. The question is a difficult one, but both sides handled it well, which showed hard and persistent effort on the part of each speaker, and for which they are most heartily commended by their advisors and fellow members.

ATHLETICS.

BY THE ATHLETIC DIRECTOR.

Carlisle played the best football the team has shown this year at Pittsburgh last Saturday and held the unconquered Pitt team to a score of 10 to 3. It was really a great fight the Indians put up and the strong, heavy and experienced University of Pittsburgh players were much surprised that they could not run over the Indians light and inexperienced team at will. Pitt gained considerable ground around Carlisle's end in the first half of the game and their opportunity for a field goal was presented to them by a Carlisle fumble. In the second half the Indian tackles were not so easily boxed and Pitt's long runs were stopped. The Carlisle line showed up the best it has this season and Pitt could gain but little ground through it.

Captain Calac kicked a field goal from placement scoring three points for Carlisle and a touchdown was made by which would have tied the score but an official detected a Carlisle player off-side on the play and a penalty resulted instead of the touchdown.

NOTES OF THE GAME

"Bull Frog" at right end is proving to be a regular Bird.

"Woodchuck" Welmas played quarter-back against Pitt and opened up several holes in the Pitt line.

Carlisle's old time fighting spirit seems to have returned and was much in evidence last Saturday.

Captain Calac played a fine game against Pitt Saturday and gained many yards for Carlisle besides kicking a field goal.

Hill at left guard was a mountain of strength in the line and Hawk Eagle at right guard pounced upon the Pitt backs every time they came his way.

"Hippo" Broker was a little slow

but ripped off some good gains when Pratt pushed the tackle back far enough so that the interference could wade through the opening.

The team leaves for Philadelphia to-morrow morning to play our ancient and honorable rivals, the old Penn team, at Franklin Field. This is always one of the big games of the season and is always closely contested. While Carlisle is not yet in good playing condition the boys expect to uphold Carlisle's reputation for determined spirit and the Quakers will have to go some to beat us.

Peter Calac was elected Captain of the football team last Saturday just before the Pitt game. That the boys have confidence in him and that he is a good leader was proven by the game the team put up against Pitt. Captain Calac has played two years on the team. He was a star tackle in 1912 and last year was one of the best plunging and defensive fullbacks in the country. Under his inspiring and cheerful leadership the team is bound to make steady improvement as the season progresses.

The Reserves play Bellefonte Academy at Bellefonte to-morrow.

THE CATHOLIC MEETING.

By Pablo Herrera.

Sunday evening, Father Stock told us the story of the ten lepers who went to our Lord and asked, "Lord, have mercy upon us and heal us," and how only one came back to thank Him.

Father Stock also said, There is only one way in which we can gratify our Lord and that is by leading a good, pure life. If we look into our hearts we shall find that God cannot be altogether pleased with what is there, for with us all, there are thoughts which should not be there.

The Catholic roll numbers one hundred and ninety.

Work Is Healthful.

It is not work that kills man; it is worry. Work is healthful; you can hardly put more upon a man than he can bear. Worry is the rust upon the blade. It is not the revolution that destroys the machinery but the friction.—Henry Ward Beecher.
