FOURTH ANNUAL CONFERENCE OF SOCIETY OF AMERICAN INDIANS.

By MRS. ANGEL DECORA DIETZ.

The fourth annual conference of the Society of American Indians was held October 6-11 at Madison, Wis., under the auspices of the University of Wisconsin.

Each conference has been distinctive in itself, for the reason that each meeting has developed the motive for which the Society has been originated.

Previous to the founding of this organization, there had been no community of interest among the advanced Indians until in 1911, when a few of the educated Indians met at Columbus, Ohio, under the guidance and inspiration of Prof. F. A. McKenzie, of the University of Ohio, and the Society of American Indians was started, with its aim and motto "The honor of the race and the good of the country shall be paramount."

The Society has passed the period of development, as the Madison conference seemed to reveal, and it has started on a permanent basis of unity and good feeling.

Through the untiring efforts of the leaders, some of whom have made great sacrifices of their time, talent, and money, with the aid of the associate members (who are of the white race and who represent some of the best brain and heart of the country) the society has been able to protect the rights and interests of some of the tribes who were a prey of grafters.

The sessions were well attended by intelligent delegates, many of them from the immediate vicinity of Madison.

Various Indian problems were discussed. Large delegations of Menominee and Chippewa Indians brought "reservation grievances" and laid them before the Society. A committee was appointed to draw up resolutions touching upon the various subjects discussed and will pre-

sent them to the proper authorities for justification.

At the election of officers, last year's appointees were reelected in a body, the Rev. Sherman Coolidge as president and Arthur C. Parker as secretary and treasurer.

Up to the present time, the Society has been carried on by the few Indians who stand in the lime-light of public interest, but the mainstay and strength of the Society must lie in the mass of Indians who have looked on the struggles of the pioneers.

In four years they have built an organization based on pride and race development. By wisely and judiciously considering every phase of educational development for the Indian, they have gained for us the sympathy of the best intellect of the white race.

It should interest every Indian who has the true American heart. If numbers stand for strength, we who have looked on inactively should now come forward and submit our membership. It is for us to keep up the Society for the good of the race.

The "Mahogany Orchestra," composed of Leon Boutwell, James Garvie, Irvin Sherman, and Stephen St. Clair has been reorganized under the management of Charles Harrison.

Some of the girls who did not attend the Penn game Saturday enjoyed themselves at home. Josephine Holmes gave a party to the following girls: Cecilia Harto, Maude Cooke, Margaret Gray, and Rachel Holmes. The refreshments consisted of sandwiches, coffee, ice cream, and cakes.

OUTING STUDENTS' DEPARTMENT.

Notes from the Outing Agent's Reports of Visits Made This Fall.

Olive Standing Bear is attending public school in Narberth, Pa.

Katherine Starr is learning to cook in her country home in West Chester.

Bridget Tiokasin is learning to do many new things in her country home.

Katherine Vornwald has improved very much in health since going to the country.

Myrtle Peniska and Katherine Sawatis are attending public school in Drexel Hill, near Philadelphia.

Cora LaBlanc and Anna Skahkah are both attending school in Cinnaminson, N. J. Both are doing well.

Zilla Roy with her country mother returned from Ocean City on September 30th. Zilla will attend school in Narberth.

Rose Sheridan's country mother sends in a good report for Rose. She writes: "Rose is inexperienced but is learning."

Eva Jones is attending public school in Cynwyd. She has taken some interesting sight-seeing trips to Philadelphia with her country mother.

A country record such as Lucy Ashland has is surely a credit to a Carlisle girl. She has proven herself most helpful to her country mother, and by so doing has gained invaluable experience. This spring she had excellent results in chicken raising and gardening. She has again entered school this fall and her school record stands well also.

Death of Former Indian Service Employee.

ATHLETICS.

Pennsylvania, 7; Carlisle, 0.

The annual football game with the University of Pennsylvania was as usual a very close and exciting game, resulting in a victory for "Old Penn" by a narrow margin. The Indians gained a great deal more ground than Penn and their defense was better, but fumbles and poor kicking enabled the quakers to pull out a victory in the last period.

Captain Calac and Quarterback Crane, the two main cogs in the Carlisle machine, were not in good physical condition, but they did remarkably well under the circumstances. It would not be fair to mention any particular player upon the Carlisle team whose work stood out above the rest, as every man on the team played the best football of the season, and it was this united and determined effort upon the part of every man which enabled Carlisle to outplay their heavier and more experienced opponents. The improvement the team has made in the past few weeks has been almost beyond belief, and if a continued improvement is made Carlisle will end the season in a very creditable manner.

The Indians' tackling, which had been weak and ineffective in previous games, was sharp, hard, and sure in the Penn game, but the fumbling, while less than in former games, was still the greatest weakness.

The Philadelphia papers spoke in the highest terms of Captain Calac's line bucking and in fact of all the players. It was admitted that Carlisle's line outplayed the Penn line and that the giant Greek, Dorizas, who holds the intercollegiate strength test, more than met his match in Busch, who was a tower of strength in the Indians' line.

Carlisle's lineup was as follows:

Walette, left end; Welmas, left tackle; Hill, left guard; Morrin, cen-

ter; Busch, right guard; Martel, right tackle; Bird, right end; Crane, quarterback; Wofford, left halfback; Pratt, right halfback; and Captain Calac, fullback. Gilman and Fred Broker also played a part of the game.

The team left this morning for Buffalo, where Syracuse University, the conquerers of Yost's Michigan team, will be played to-morrow. Syracuse has always played Carlisle close games, and as they have an unusually strong team this year Carlisle will be fortunate if another defeat is averted. Syracuse surprised the sporting world by defeating Michigan 20 to 6 last Saturday.

Middletown Athletic Club will play our Reserves upon our home field to-morrow at 3:00 p. m. There will be no admission fee charged.

The cross-country race will be held upon Monday, Nov. 9, at 4:00 p. m. There will be ten valuable prizes, the first prize being a gold watch. The race will be a handicap race over the regular course, which is about four miles long.
