VOLUME XI

CARLISLE, PA., JANUARY 22, 1915.

NUMBER 20

INAUGURATION OF DOMESTIC SCIENCE

BY THERESA LAY.

Last Friday evening the Domestic Science Department was opened by giving a dinner in honor of the Senior Class. Covers for forty-two were laid. The menu, provided by Miss Keck and the students, consisted of three courses as follows: Soup and rolls, turkey and dressing, cranberry jelly, Irish and sweet potatoes, celery, olives, mixed pickles, ice cream, cake, coffee, fruit, almonds, and after-dinner mints.

The dining room was beautifully decorated with red and white, the class colors, and potted plants. The four tables were arranged to represent a Greek cross at the ends of which were seated, respectively, Mr. and Mrs. Lipps, with Mrs. Ewing and Miss McDowell at right and left, respectively, Mr. and Mrs. DeHuff, Mr. and Mrs. Griffiths, Mrs. Foster, and the class president, Kenneth King, who acted as toastmaster,

The color scheme was carried out in the table decorations by extending from the center piece of ferns and begonias, broad strips of red crepe paper to the end of each table. Beside each plate were a red and white carnation and a place card upon which was an appropriate sentiment. The pretty white and gold dishes completed a very tasteful arrangement, and altogether the dining room was voted "an attractive place."

At the close of the feast toasts were given by Mr. Lipps, Mr. DeHuff, Mrs. Ewing, Mr. Griffiths, Mr. Morrin, Miss Lay, Miss McDowell, Miss Reichel, Mr. Paul, Mr. Apekaum, Miss Kingsley, Mr. Wilkie, Mr. Chase, Miss Gilland, Mr. Thayer, Mr. Azure, Miss Brown, Miss Walker, Miss Frechette, and Mr. Garvie.

After dinner the company adjourned to the music room, which was also handsomely decorated for the occasion. There a short program was given as follows: Selection, Senior orchestra; reading, "The New Year,"

Miss O'Neal; vocal solo, "The Melody of Love," Miss Raiche; recitation, "The open Door," Miss Battice; cornet and trombone selection, piano accompaniment, Mr. Garvie, Mr. Lay, and Miss Lay; French song, Mr. Azure and Mr. Wilkie. The remainder of the evening was spent in conversation and dancing.

NOTES FROM CONGRESSMAN KELLEY'S TALK.

By Scott Dewey.

Many students attended a temperance meeting in town on Sunday afternoon. Congressman Kelley was the speaker and the following are among the things he said:

In 1920 we should have a saloonless nation.

In Washington the majority of Senators favor prohibition.

I would rather be defeated in an election by the liquor interest than to win a great victory by being in favor of it.

The support of each and every individual is needed in order to wipe out the saloons of Cumberland County.

It takes some money to work against this great question, but if we want to win the fight we must pay the price.

The only way to stamp out alcohol is to vote for a straight ticket, and the only way that we can have a straight ticket is to scratch out all the crooked names.

A straddler on this liquor question went to the hospital and underwent an operation when the vote was taken in the House of Representatives. They found he had a yellow streak 1 inch wide and 3 feet long.

I see that the wet weather has no terrors and no influence to keep you away, judging by the crowd that is before me. I hope the "wet" [meaning liquor] will have no more influence over this Cumberland County.

WHAT CARLISLE MEANS TO HER GRADUATES.

A Successful Salesman Tells How It Benefits His Business.

A handsome little calendar has just come to one of the office desks. It bears the following inscription:

"Compliment of A. H. Nash, Carlisle Graduate, The only American Indian selling American made calendars, representing The American Art works, Conshocton, Ohio."

Mr. Nash was asked why he inserted in his ad the words "Carlisle Graduate." His answer was, "I have found that it always attracts immediate attention. It has even more force than the words Yale, Harvard, or Princeton graduate would have after a name. It is unique and inspires interest at once. It brings about a friendly conversation regarding football, other sports, and Indians in general, which nearly always results in an *order*. This is my business."

This is a lesson, boys and girls. Get a Carlisle diploma, if you can. It will always help you. The best people will be interested in you and they will be willing to give you a helping hand.

Last summer when work was scarce and hard times had struck our country, Joseph Gilman, without any other credentials than his honest face and the fact that he was a Carlisle Indian, applied for a job at the Bethlehem Steel Works. He was one in a long line of men waiting for work. Hundreds had been laid off, but Joe was given a job and was told by the superintendent when he left that if at any time he wanted work he could find it there.

It pays to be a Carlisle Indian, but you must also be a *good* Carlisle Indian. As pupils of this School, it devolves upon each one to keep up the excellent reputation already established by former graduates and ex-students.

Keep up the standard!

ATHLETICS.

By JOHN B. MCGILLIS.

At a meeting of the basketball men in the Trophy Room of the Gymnasium last Monday evening, James Crane was elected captain of the Varsity. The work of the men in shooting and passing the ball, together with good team work, has greatly improved since Mr. Clevett, the new physical director, has taken charge of the teams, and the first-string men are rounding up into fine form. The members of the team are looking forward, with a great deal of interest, to the game with Penn at Philadelphia, on the 13th of next month. Hence, they are practicing hard every day in order to make a good showing and if possible defeat their old rival.

Before a large and enthusiastic crowd of spectators our team defeated an All-Star team from Conway Hall and Dickinson College in a game of basketball on the evening of the 13th by a score of 25 to 16. The game was fast and exciting from start to finish. After the Varsity men had taken a considerable lead in the first half, the second-string men went in and did good work. The All-Stars put up a good game, specially in the second half, but were unable to overcome the early lead which the Varsity maintained in the initial period.

The board track has been placed upon the athletic field for outdoor practice, and regular active training has been started by candidates for the track team. Mr. Clevett has about fifty men out daily and is much pleased with the material on hand. A good many of last year's men are gone, and so there will be an excellent chance for the new men during the coming season to show what they can do. There are several new men who look like coming stars, and prospects for a good team are bright.

The first tryouts will be given one week from to-morrow, January 30th, and every Saturday thereafter until the best men for each event are selected.

Carlisle will take part in an indoor meet at Hartford, Conn., on the 20th of February. The feature of this meet will be the relay race in which event Yale, Harvard, Princeton, and a number of other big colleges will be represented.

The mild weather has enabled some of the lacrosse men to get a lot of outdoor practice, and they are learning to handle the sticks so as to be in good form when the season opens. A fine schedule for lacrosse, consisting of fourteen games, is being arranged. It is very likely that Coach O'Neil, who did such good work with the team last spring, will be re-engaged. Both the lacrosse and football schedule is about completed and may be published in next week's ARROW.

THE CATHOLIC MEETING.

By Jane Gayton.

We were fortunate in having with us last Sunday, the Reverend Father Brennen, of Paradise, Pa.

The Scripture lesson read by Father Brennen was according to St. Luke. Father Brennen took for his text, "Love God with your whole heart and soul and mind." The whole discourse was a reminder that we must be prayerful and always watchful, "lest we forget" from whom comes all the blessings which we Carlisle students enjoy.

The benediction followed.

THE SUNDAY EVENING PROTESTANT SERVICE.

By Otie Henry.

The leader was Florence Edwards, who read the Scripture lesson and also gave a fine little talk.
