THE BAND.

By Charles Harrison.

Owing to the disagreeable weather there was no band concert last Sunday afternoon.

As soon as the new band uniforms had been issued, Michael Wilkie donned his, and he was soon seen promenading about the campus.

Stephen St. Clair, one of our cornet soloists and a promising piano player, spends much of his leisure time practicing on the latter instrument.

Last Sunday noon the band made their first appearance in new uniforms, which are a decided improvement over the old red coats and caps which have been in use for about fifteen years.

A decided change has come over Aloysius Cheauma, who looks thoughtful beyond his years, and dreamy, as though he were seeing visions, invisible ordinary mortals. Time reveals all things and we are patiently waiting, Aloysius.

THE CATHOLIC MEETING.

By Max LaChapelle.

After a prayer and hymn, Father Stock spoke on the Resurrection. He told of the women finding the Grave empty, save for the linen clothes, and that Thomas doubted when he heard this, and how some of

the people felt when they saw and realized the truth of those statements. Among other things, Father Stock said: "As Eve was formed from a rib from the side of Adam, so Christianity formed from the wounds in the side of Christ. Adam and Eve peopled the earth, just as Jesus, by his sacrifice, peoples heaven with the souls of those whom He saves."

SOMEBODY LIKES US, ANYHOW.

The *Signal*, a magazine published by the students of the New Jersey State Schools, at Trenton, N. J., has this to say about the Carlisle Arrow: "CARLISLE ARROW—You are small, but you are worth while. The *Signal* is interested in your work; you show us it is being done well. We wouldn't part with you and the *Silent Worker* for a great deal."

Thank you, *Signal*. Your expression will help make the work be done better.

THE Y. W. C. A.

The election of officers at the regular meeting of the Y. W. C. A. was put off on account of the majority of the members being absent.

Hereafter the Y. W. C. A. meetings will be held in the Grove from three to four o'clock Sunday afternoons. The subject of the lesson for next Sunday is the "Story of Esther."

NOTES FROM ROOM NO. 5.

John Sumner and Charlotte Cadotte had the highest averages in Room 5 for the month of March. John Sumner with 95.9 and Charlotte Cadotte with 92.2.

Frank Mitchell, from Room 5, was called home suddenly, due to the illness of his mother. He was a studious boy and doing well in school.

Benjamin Harrison, who left for the country early in March, writes that he is well and happy. He also belongs to a baseball nine.

THE BASEBALL LEAGUE.

The first set of the series of league game ended with the Grays' and Golds' game on Tuesday evening, in which the tie between the two teams was broken and the Grays had to be content to go to the cellar position in the standing of the teams when they scored but one run while the Golds scored seven.

With each team now fully equipped in the new suits that were received last week, renewed interest is being shown and those employees and students who are not regular attendants at the games are missing some very well-played contests.

The standing of the teams now is as follows:

	Won.	Lost.	P.Ct.
Blues.....	3	1	750
Reds.....	2	2	500
Golds.....	2	2	500
Grays.....	1	3	250

LACROSSE.

Carlisle 3, Johns Hopkins 3.

The game last Saturday with Johns Hopkins lacrosse team was one of the best lacrosse games ever played in Baltimore. The following excerpts are taken from the Baltimore *Sun*, dated April 11:

"Johns Hopkins and the Carlisle Indians fought for nearly an hour on the lacrosse field yesterday at Home-wood without either gaining the decision. The score of 3 to 3 indicates the closeness of the battle, and the game was one of the most interesting that lacrosse fans have ever seen in this city.

"An extra period is usually played to settle matters, but the 55 minutes of work in the broiling sun had such a telling effect on both twelves that their leaders were willing to call a halt. The players, overheated and breathless, assembled in the middle of the field after the referee's whistle called the game and exchanged yells. Then they ran for the showers and buckets of drinking water.

"It was certainly one of the most closely contested games in which a team representing Hopkins has figured. The score see-sawed, and it soon became evident that one side to get the advantage must put up an almost superhuman effort. That the Hopkins team was able to cope with the Redskins at their foremost and most characteristic racial game was extremely pleasing to the Hopkins coaches and the spectators.

"Hopkins did not have the endurance that Carlisle had, but made up the handicap in passing. The Black and Blue showed remarkable ability in getting the ball up and down the field, and its players very seldom lost the ball to their more agile opponents. Carlisle played a fast game, but the men were not so steady as an organization.

"The Indians had several individual

stars, Miller, goalkeeper, being especially brilliant at his position. It was Miller's second game of lacrosse, but he worked like a veteran at keeping the hostile shots from getting into the Carlisle net. His work was a tribute to Coach O'Neil, who has spent hours training him for the position. Crowe and Crane, the stars of the Redskin attack, shot the three goals, the latter sending the ball past Goalkeeper Stuart twice.

"Crane made the first tally of the game after 22 minutes of play. He went in swiftly and unopposed for an excellent shot from a slight angle. Bobby Hoffman evened the count four minutes later. There was no more scoring during the half.

"Johnny Huck, Hopkin's war horse of the attack, lodged the ball in the Carlisle net 26 seconds after the second half began. Crowe made the score in six minutes, and in two more minutes Woodward made it 3 to 2. Crane shot the final goal after nine minutes of play."

Referee—Mr. Stockton Matthews, Swarthmore. Timers—Theodore Straus (Johns Hopkins) and Burney (Carlisle). Time of halves, 30 and 25 minutes.
