To the Hon.

Commr. of Indian Affairs,

Washington, D.C.

Sir; -

Referring to your letter of the 21st. inst. marked Education requiring certain Reports, I have to request, in connection with requirement to make a monthly Report of Issues and Expenditures-- Form 5-307--that I be authorized to employ two additional clerks one at \$1000. and one at \$600. per annum, in order to make this Report and I have respectfully to advise you that even then it will be impossible for me to get such a report into your Office before the latter part of the succeeding month, <sup>I would</sup> and still have grave doubts as to its accuracy.

If the branch of your Office which requires this Report will ask for any one copy of my Quarterly Returns, look it through carefully and see that it contains about one thousand headings, it will understand how impossible it is for us to undertake a monthly Report covering our issues and expenditures. I very much doubt if the two clerks asked for can accomplish the labor and present to me a report that I would be warranted in certifying within the time named; The best way to arrive at the monthly cost

of this school is to divide the amount of the annual appropriation by 12, which may not be exact month by month, but will be for the year. If it is imperative that this Report be made, it is important that the clerks be authorized and I request to be provided with 500 blank Forms--5-307)-

In reference to Quarterly Report of attendance, the number is so great the last Quarter, and changes so numerous, that it has been impossible to complete the Report in connection with other Office work; but it is nearly done and will be forwarded in a few days. The R<sup>e</sup>port of employes is herewith.

Very respectfully,

Your Obt. Servt.

Capt. 1 Oth. Cavy.
